# Large document shredder 14.95

...with loose shredded material collection

Large document shredder  
with a sophisticated feeding method

## Designed to ease operation

- Feeding via conveyor belt
- Dosage paddles pull smooth and even crumpled paper likewise
- Also for all standard endless paper formats by the working width of 428 mm
- ON / OFF control via a rotary selector switch
- Separate main power switch
- Alarm „bin full“, simultaneously automatic stop of shredding process

## Swivel-out receptacle

- Supplied as standard equipment
- Capacity 200 litres
- According to local conditions the receptacle can be swivelled out either to the right or left side
- Environment-friendly disposal in PE-bags
- Convenient depositing of the filled PE-bag onto a pallet for evacuation

## Technical Data

### Large Document Shredder 14.95

<b>Collecting sack volume</b>	l	200
<b>Filled weight</b>	kg*	20-30
<b>Sound level</b>	dBA**	63
<b>Power supply</b>	Volt	400 / 3ph
<b>Motor power</b>	kW	4.0
<b>Dimensions W x L x H</b>	mm	1,680 x 800 x 1,640
<b>Weight</b>	kg	435

\* depending on material and cutting width

\*\* idling

## Large Document Shredder 14.95 Standard safety system

- Lockable master switch
- Safety switch to stop machine if access door to the receptacle is openend
- Safety switch at the revision flap of the cutting device
- Motor protection device with thermo-sensor

Shredder

# Technical Standards

## High performance

- High-power, thermally protected geared electric motor (4.0 kW) and stable drive
- Rugged, wear-resistant cutting rollers made from high-grade steel for optimum cutting performance
- 428 mm working width; suitable for all standard computer formats

## Cutting mechanism versions

Security class	DIN 32 757-1	3	2	1
Size of shreds	mm	6 x 50	5.8	11.8
Shredding capacity*	sheets	120 - 130	140 - 150	180 - 190**
Cutting speed	approx. m/sec	0.30	0.30	0.30
Working width	approx. mm	428	428	428

\* based on 70 g/m<sup>2</sup> A4 paper. Sheet capacities vary depending on quality, weight, grain of paper and sufficient power supply.  
\*\* preliminary values.

## Simple operation

- Clearly laid out, rugged rotary selector switch for ON / OFF and return function
- Lockable master switch to prevent unauthorised use

## Unique input method

- Generously sized feed table for controlled, fatigue-free, safe and rapid loading
- Integrated conveyor belt moves the paper to the cutters
- Dosage paddles in front of the shredding mechanism take smooth as well as crumpled paper
- Cutting mechanism with easy access for maintenance

## Comprehensive safety features

- Extensive safety systems provided for all functions to protect the operator and the machinery

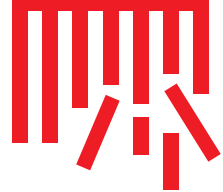

## High flexibility

- Movable on two fixed and two lockable guide rollers
- Matches with only 800 mm width trouble-free through all standard doors
- A bracket under the table holds the feed cable safely and comfortably during carrying

MARTIN YALE

Heavy Duty  
Shredder

Optional  
accessory

The feed table can be expanded on both sides  
with screw-on type extensions for convenient  
and rapid loading of huge material quantities.

## General catalogue Large Document Shredder Range
